

Bitdefender Family Pack 1 Year (15 Devices)

Incredible threat detector to prevent sophisticated attacks without impacting your system and device performance in any way. Features advanced parental control to discreetly monitor your children's online activities, thereby managing what they can do on the internet. Multiple layers of ransomware protection to keep your documents, videos, and family photos safe, meaning full protection for all your memories. Secure VPN for complete online privacy: 200 MB per day. Comprehensive support at all times. License available for up to 15 devices, but with a limited duration of 1 year.

Description

BitDefender Antivirus provides features that protect and safeguard your device from malware, spyware, adware, and ransomware. It includes specific application features such as: a dedicated browser that secures banking and shopping transactions to prevent fraud; web filtering

technology to block certain networks.

BitDefender Antivirus offers anti-phishing protection, anti-fraud warnings, and an anti-spam filter. This plan also comes with an anti-tracker extension, social network protection, a password manager, a file shredder to permanently delete files without leaving traces, a vulnerability assessment that scans and suggests solutions for outdated and vulnerable software, missing Windows security patches, and potentially unsafe system settings, and more.
