- Individuals or businesses purchasing a PC in parts who wish to download and activate the original Windows from the start.
- Individuals or businesses using "Pirated" Windows who wish to acquire the original license to enjoy its benefits.
- Users who see the "Activate Windows" message at the bottom right corner of their screen.
- Businesses currently using the "Home" version and looking to upgrade to a Windows version without usage limitations.
- Advanced users with the "Home" version activated who need to use exclusive tools for Windows Pro, such as Hyper-V, IIS Server, or remote desktop connection.
- Individuals or businesses wanting to upgrade their old Windows to a more modern version. (Example: Upgrading from [Windows 7](#) to [Windows 10](#))

Why Activate Windows?
