### Description

Office 2016 is a relatively older version of Office, yet it remains widely used due to its compatibility with older systems, as well as its support for [Windows 7](#).

This product allows the activation of five devices with a single five-digit code.

### Recommended for:

- Individuals with older computers that perform better with this version.
- People using [Windows 7](#) who require an Office version compatible with their operating system.
- Those who prefer this version and do not wish to pay for a subscription to access Office.

### Compatibility:

Office 2016 is compatible with all versions of Windows from [Windows 7](#) onwards.

It is not functional on Mac or mobile devices; in such cases, [Office 365](#) is recommended.

**Product Installation:**

The product is downloadable from the official manufacturer's website. Once installed, simply enter the code and click on "Activate via the internet" to get the software up and running.

**Product Delivery:**

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.
