Description

Office Home and Business 2021 is the permanent Office version recommended by Microsoft.

This version is exclusively for Mac computers.

Compatibility:

This license only works on Mac devices from Big Sur onwards.

It does not function on versions prior to that. In such cases, we recommend [Office 365](#) instead.

This is not a re-installable license (It cannot be moved to another machine); for that purpose, prefer [Office 2021 for Windows and Mac](#) or [Office 365](#).

Product Delivery:

This product is provided as a 25-digit digital license code. After making your payment, an email will be sent to you containing the activation code and instructions. The email will include a manual to guide you through the installation process easily, using the official system provided by the manufacturer.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support.
