Description

Windows Server 2025 Datacenter offers improvements in advanced security, performance, scalability, virtualization, automation, storage, networking, and connectivity, as well as greater integration with cloud services and compatibility with modern hardware and applications, optimizing server management compared to Windows Server 2022 Datacenter. Unlike the Standard edition, Datacenter includes additional features such as an unlimited number of virtual instances, advanced network virtualization functions, and software-defined storage capabilities, making it ideal for high-density and intensive virtualization environments.

Compatibility:

Hardware:

- x64 processors (Intel and AMD)
- NVMe, SSD, memory class storage
- SDN networks

Software:

- Modern and legacy applications and databases
- Guest operating systems (Windows Server, Linux)
- Virtualization and Containers:
- Enhanced Hyper-V
- Docker and Kubernetes

Cloud:

- Integration with Microsoft Azure and Azure Arc

Security:

- Active Directory and Azure Active Directory
- Advanced security tools

Management:

- Windows Admin Center
- PowerShell

Product Delivery:

This product consists of a 25-digit digital license code. After payment is made, an email will be sent with the activation code and instructions. The email includes a manual so you can easily install it yourself, through the official system of the manufacturer.

Company:

Based in Hong Kong, 3Clicks International Limited reaches customers worldwide, offering original products that activate seamlessly, no matter where you are. We accommodate requests for invoices or quotes, ensuring our global clientele receives tailored support
